

**Task 1)**

Over the week, explore the rule of thirds.

Start by taking a photo of a subject from the centre of your camera. Look at your photo and consider what it would look like if you moved it to work within the rule of thirds.

If you haven't already, check your camera manual to see if you can display a "grid" or "thirds lines" within either your live view mode or on your review screen.

**Task 2)**

Attempt at least one compositional guide such as Leading Lines, Frame within a Frame, Colours etc.

Pay close attention to what the gesture is. It's important to identify what your image is all about and ensure you choose your compositional elements to lift your "Hero".
